GOD HAD MADE AND BEHOLD,  
IT WAS VERY GOOD.

## CARING FOR GOD'S CREATION

SATURDAY, MARCH 29, 2014

United Methodist Church of Hartford  
571 Farmington Avenue  
Hartford, CT

- What has our modern, industrialized world done to the earth and its people?
- How is climate change connected to poverty, hunger, justice and peace?
- What encouraging signs do we see that God is already at work?
- How can the "faith community" be more engaged in this adventure?

Through a variety of media we will look at these issues of environmental sustainability, social justice and spiritual fulfillment. Materials and programs that can be taken back for use in your congregation will be available.

Join with other concerned citizens for all or part of the day.

Program begins promptly at 9:00 AM – 12:00 PM
